

A winning combination: SteelConnect & Skyus DS2

Inseego's SkyusDS2 compliments Riverbed's SteelConnect System to provide an easy and reliable secure connected network solution that keeps your business running smoothly.

The DS2 is the chosen modem for LTE failover with SteelConnect.

- Cat 6
- Industrial Grade USB Modem
- Certified in U.S., Australia and Europe
- Carrier Portability
- Dual SIM
- Ability to add on external indoor or outdoor antennas up to 100 feet away
